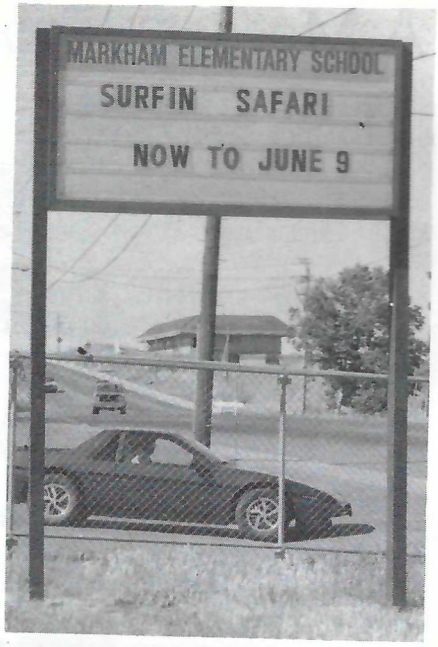
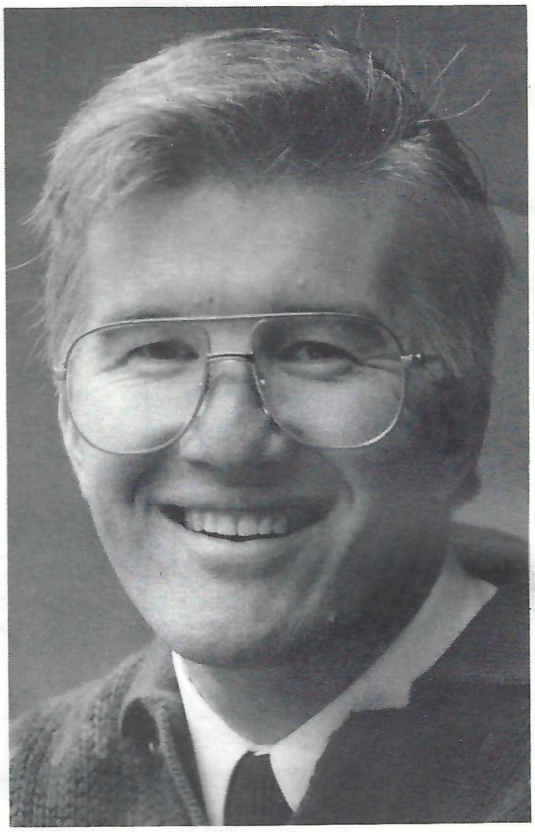
A Year of Growth



A Message From the Principal



I want you to know how proud I am of all the students at Markham School. We have terrific teachers, super staff, wonderful children and terrific families at our school. No one can deny that we have one of the best schools in all of Vacaville.

All of our students have tried so hard to do their best this year. We have seen another victory in the Track Meet and also our 3rd grade students had the highest percentile on the CAP tests of any school in the district. This makes me even more proud of all of you.

I am looking forward to next year and even better things at Markham School. We will have lots of new teachers. Each one of them tell me that they have heard great things about our school and can't wait to teach here. See, we are famous throughout the area!

Keep up the good work! You all are super!

Your Friend,

Mr. Ray Posey

Mr. Ray Posey

Vice Principal

As assistant principal I am fortunate to be able to communicate often with the students, staff, and parents. I always welcome notes and phone calls from parents whether their questions or concerns are the lunches, playground activities, procedures, scheduled programs, or suggestions.

I greet the students each morning when they first arrive at school in the cafeteria where they wait anxiously for the bell to ring. This has helped me to learn the students' names and get to know each student better.

The students have been very busy this school year. Many have been recognized by the Solano County Reading Association, the Vacaville School District's Book Contest, the PTA's Reflections Contest, the city's Spelling Bee, the City's Track Meet, Students of the Week, and Authors of the Week, just to mention some.

We've had new students enroll during the year. The students and staff make every effort to help these students adjust to our school. I have heard students and parents say, "This is one of the friendliest schools I've ever gone to".

The saying on our t-shirt truly exemplifies the feeling tone that we all have on our campus, "Markham Makes Me Smile".

A Look At Our Year

It has been a terrific and exciting year for all of us in Room 1. Throughout the year we did many fun and enjoyable activities; our fieldtrip to the Pumpkin Patch, reenacting the first Thanksgiving dinner, decorating eggs for our Easter hunt, the Zoo and Fairy-tale Land trip, and our famous Popcorn parties on Fridays!

We also learned many new things that will last us a life time. We have all grown in the last 9 months, and I want to say THANKS for the learning, the memories, and for being a great group of kids!

A Look At Our Year

All of room 3 has worked very hard this year! We have learned how to read, to add, to subtract, to write, to use the computer and to treat other people with kindness. At the Christmas time we collected 1000 cans of food for people in need. In June we went on a great trip to Marine World.

Mrs. Keyworth Grade 1

Back Row:

Front Row:

Aaron McComb, Nicki Nelson, Corey Shaw, Kristen Carroll, Erika Huerta, Amanda Johnson, Amanda Geipe, Christine Thorpe, Kirstina Cornelius, Steven Campbell, Wendy Frazer, Mrs. Keyworth

A Look At Our Year

This has been a year of learning and discovery for Room 4. We unlocked the mystery door to reading, opened it, and discovered a wonderful world in books. Our favorites are Just for You, Where the Wild Things Are and The Grouchy Ladybug.

We've learned how to add, subtract, tell time, and count money! And, that's not all. We measure things, and even know fractions and geometry. (Wow--all that in 1st grade!!)

Coming up in June, we turn into Marine Biologists, as we study sea animals. Our safari through Marine World lets us use what we have learned.

We have become able and confident second graders. Mrs. Keyworth says she is going to miss you.

Mrs. Williams Grade 1

A Look At Our Year

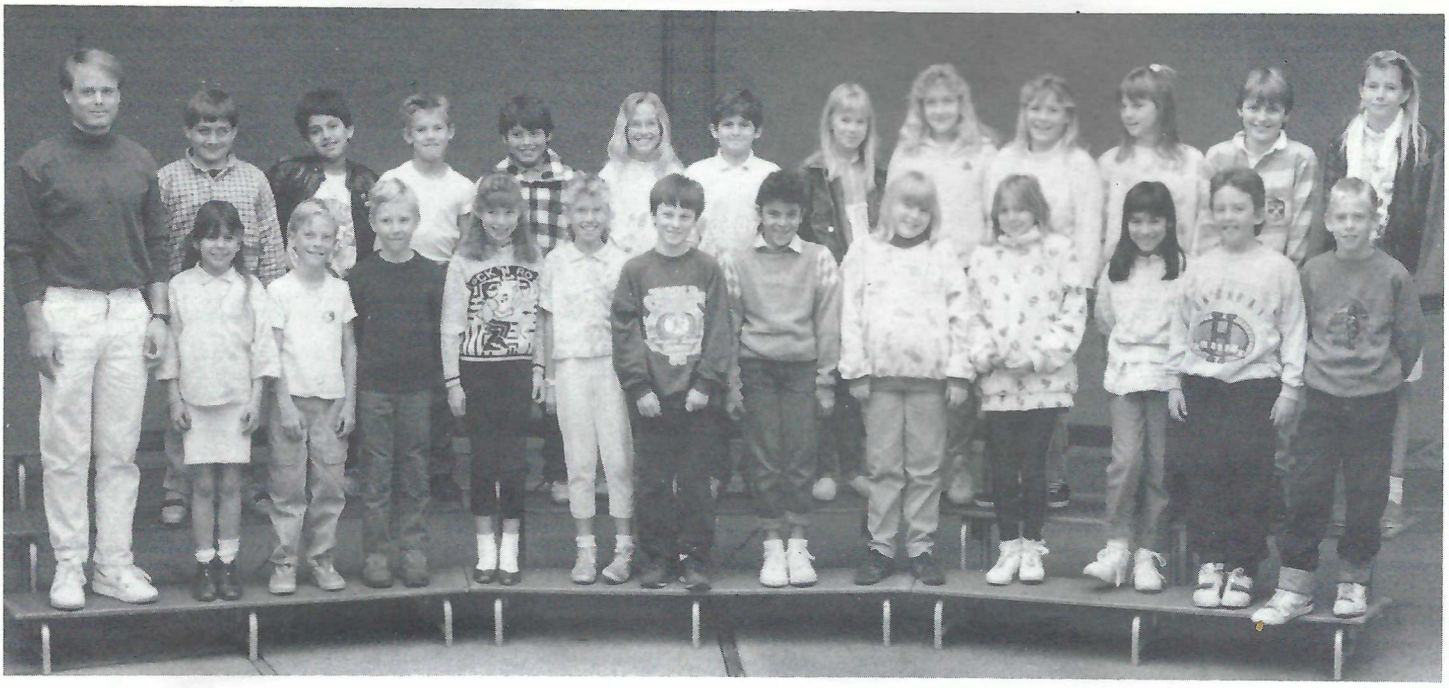
During the past few months the students in room 6 have been working very hard.

We started the year with our ever popular "Teddy Bear Parade". Then we quickly got down to the business of learning to read and do math.

Throughout the year we learned about zoo animals, birds, frogs, dinosaurs and other favorite animals. We learned about our community and about ourselves as members. We learned how to get along with others and how to express ourselves in front of a group. We memorized many poems, listened to and read lots of books.

On one of our field trips our class went to the Pumpkin Patch at the Nut Tree where we saw the scarecrow displays, and everyone got to take home a pumpkin. It was neat! On Easter, we had our Easter Egg Hunt with our special friends from Mr. Roberson's sixth grade class.

Mrs. Burns Grades 1 and 2



Back Row:

Christina Reynolds, Karl Stoper, Matt Ellington, Joey Frayseth, Phillip Boddy, Fred Hoover, Emily Lunceford, Lisa McCollom, Sarah McKendry, Chris Martellaro, Jeff Walton, Steven Clegg, Dennis Hisle

Not in Picture: Jenney Coons, Jeb Cassey, Wayne MacMinigall

A Look At Our Year

Our class studied many interesting things. In Social Studies we learned about American Indians and their way of life. We also learned some of the games that Indian boys and girls played long ago.

In Science we studied insects and our classroom was alive with insects as several students brought them for sharing. We also enjoyed making insects as an art project.

The second graders thought one of the most interesting things about being in second grade was learning to write cursive. The first graders said they enjoyed Spelling and SSR the most.

Mrs. Devereaux Grade 2

Back Row:

Jeanette Stansbury, Christopher Poe, Tarik Dean, Brandy Anders, Kandi Chester, Alicia Samuels, Victoria Horton, Justin Spicer, Melissa Hughes, Jeanine Villasenor, James Cooke, Alfredo Demara, Celina Mahan, Mindy Sloan

Front Row:

Not in Picture: Cynthia Sanchez, Timothy Morales, James Crites

A Look At Our Year

We had a great year! We entered two Science Fairs, and the Student Author Book Contest. In April we took a field trip to the State Science Fair at Cal Expo. This spring we presented the puppet show, "A. Ducky Spring Concert." During the year we exchanged cards and letters with our penpals, another second grade class in Salinas.

Mr. Finkas Grade 2

Back Row:

Cathrine Erhart, Nicole McKay, Eric Rasmussen, Farah Khalfan, Derek Zarrabi, Amy Woods, Jason Riddle, Alicia Maestas, Amanda Baudour, Joshua Yaquinto, Lauren Osborn, Scott Wood, Tara Lentz

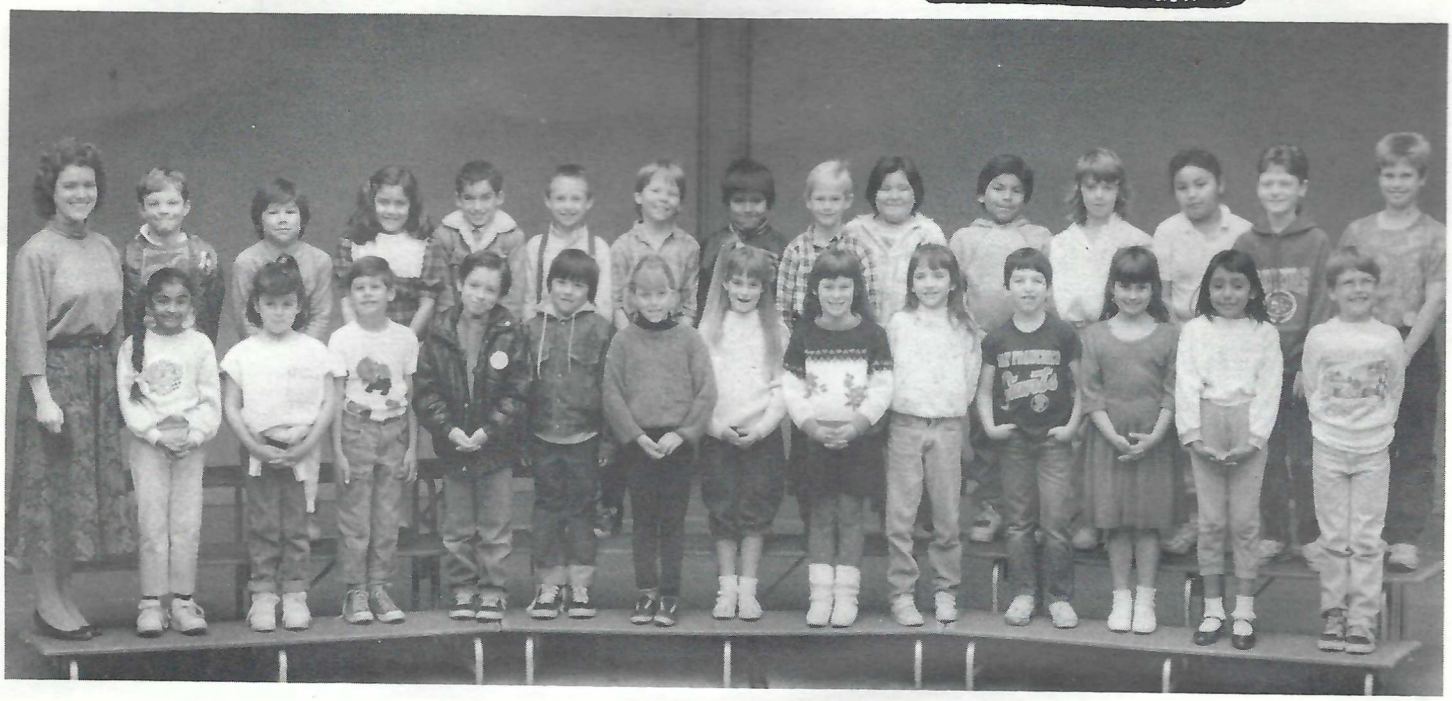
Front Row:

Mr. Finkas, Marc Christophel, Tara Gregorich, David McGraw, Heather Clark, Roxanne Stewart, Lisa Adams, John Maseda, Robin Oberman, Richard Gomez, Victoria Long, Heidi Clabaugh, Anne Witmer, Sheri Larsen, Brad Krass

A Look At Our Year

Highlights from Mr. Finkas' class included moving from our first home, the cafeteria, to our present home, Room 26; competing with Mrs. Glover and Mr. Posey in the Centimeter Challenge; making our own money and creating and running businesses in our mini-country; enjoying reading through read aloud and read along marathons and the Story Wheel; and breaking codes on Code Days.

Mrs. Klotz Grade 2



Back Row:

Curt Kjellman, Rodolfo Enriquez, Jennifer Hernandez, Aaron Crane, Alan Weibel, Chris Tunstall, Jose' Gomez, Jared Jakseh, Ninfa Robles, Sergio Vasquez, Brenda Cook, Ana Alicia Jimenez, Nick Nygaard, Michael James

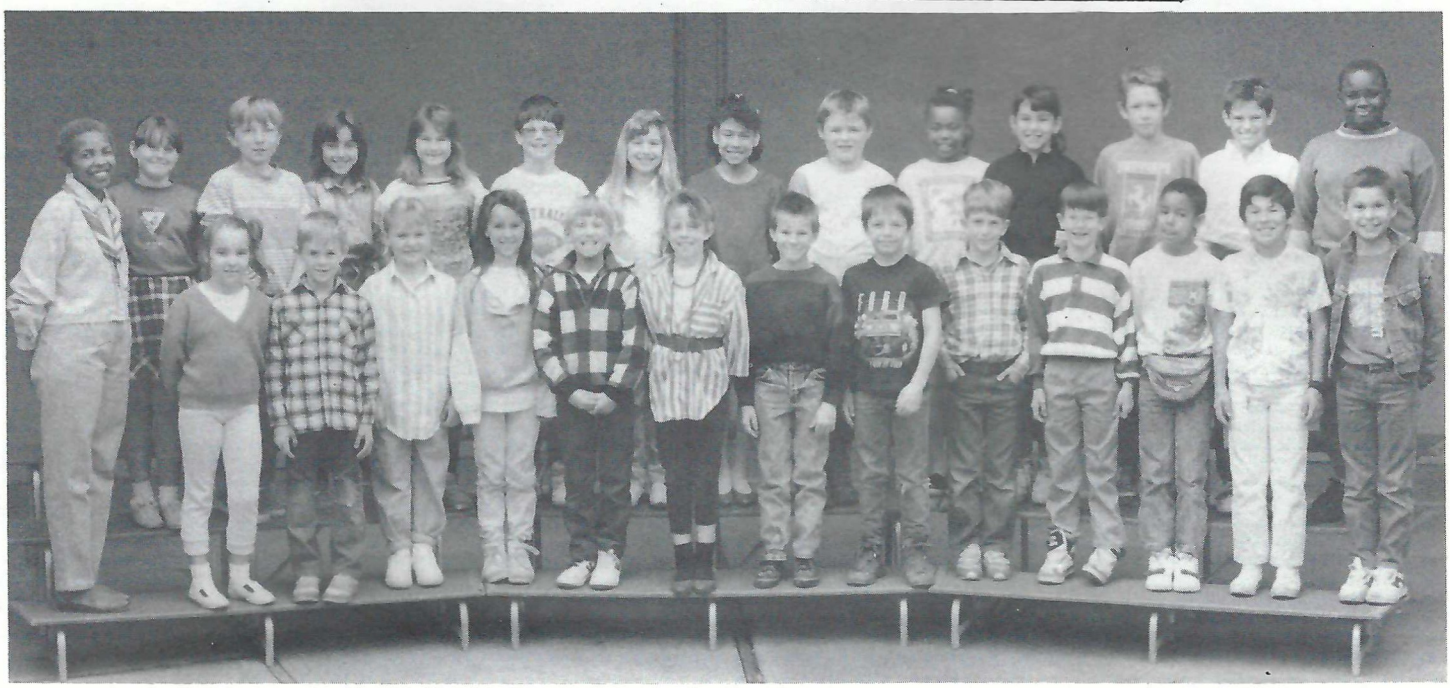
Not in Picture: Brad Austin, Tim Talbot, Billy Coley, Juanita Castaneda

A Look At Our Year

After being in the cafeteria for the first part of the year, we were very glad to get our own room. Some memorable things this year are; a carnival station Halloween Party with Mr. Finkas' class; a trip to the Nut Tree Pumpkin Patch; we sang "The 12 Days of Christmas for the Christmas Program with Mr. Finkas' and Mrs. Burns' classes. We did a science project about "What Hurts our Teeth" and got First Place at the City Wide Science Fair. Then we got to go to the State Science Fair in Sacramento at Cal Expo. We each got a book on Simple Science activities too. We visited Albertson's Grocery Store and went to the Steinhart Aquarium in San Francisco. Second Grade was a great year!

Mrs. Roberson Grade 3



Back Row:

Lisa Barton, Darren Myler, Kim Mortenson, Christa Rodriguez, Ned Hodges, Rebecca Wells, Judy Simon, Casey Waste, Netta Barnes, Jennifer McCalmon, Mike Rowe, Ian Spradlin, Jowan Lewis

Front Row:

Mrs. Roberson, Melissa Jones, Matt Strickland, Jill Gallagher, Morgan Himenez, Carson Koziol, Ginger Norris, Brian Peak, Jeremiah Wright, Mike Smith, Justin Cromwell, John Wilkerson, Rene Pablos, James Dalling

A Look At Our Year

Mrs. Roberson was alway reminding us that school was a fun place to be and that our minds were a terrible thing to waste. So we dug right in and began to learn about some of the world's greatest artists, scientists, inventors, and athletes. This was done through our Monthly Research Projects. To learn about Space Travel we visited the Planetarium in San Francisco. We learned how to do book reports, both orally and written. Then we had fun creating stories. Each of us wrote a book, which was entered in the Vacaville K-12 Student-Authored Book Contest. We had two first place winners. This has been a great year for us!

Mrs. Sasabuchi Grade 3

Back Row:

David Cole, Colin Clister, Juan Rodriguez, Mitch Lewis, Jake Faivre, Miguel Lopez, Danny Myers, Antonio Rodriguez, Columba Birruetta, Tiffany Cummings, Lindsey Aubuchon, Rolando Garcia, Anna Magallon

Front Row:

Mrs. Sasabuchi, Albert Neil, Jamila Byrd, Laura Ressler, Gabriela Ramirez, Sara Cunningham, Roxanne Dominguez, Eloy Enriquez, Derek Osborne, Elena Gonzales, Rosa Aquayo, Enoc Duenas, Edwardo Villasenor, Osvaldo Medina, Jenni Stewart, Norma Hernandez

A Look At Our Year

During the past year we have all been very fortunate to have classmates that speak two languages. We have all been able to learn and help each other learn to write, read and speak some in each language. We have learned about each others customs and favorite foods.

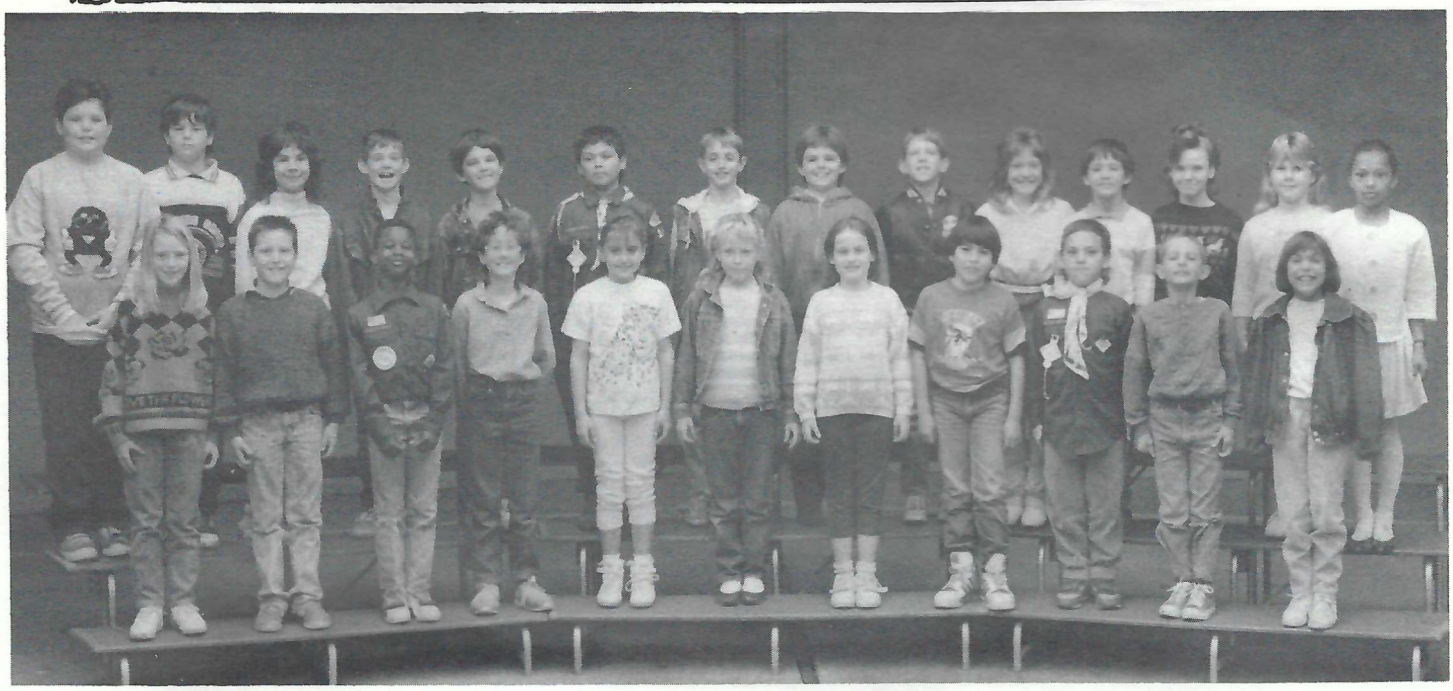
We also took a good look at ourselves. We learned about what made our bodies operate and move, both from the inside and the outside. We learned about what foods were good for us and why.

We had a lot of fun authoring our own books and class books.

Our favorite activities were our Math and Science experiments - we all loved testing our ideas. Mrs. Sasabuchi loved doing them with us.

We wish you all a great summer from Rm. 15.

Ms. Nelson Grade 3



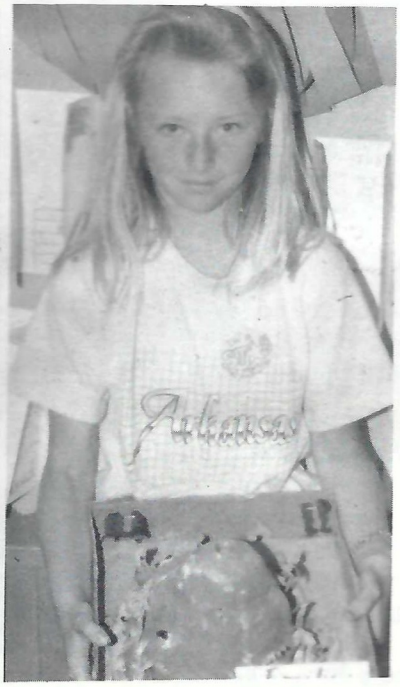
Back Row:

Chris Huffman, Donald Underhill, Amber McDougal, Daniel Patterson, Daniel McCalmon, Jeremiah Winter, Greg Adams, Wayne Hand, Ryan Adams, Jennifer Johnson, Patrick Ray, Dorisa Herbaugh, Heather Wireman, Monica Jackson

Front Row:

Emily Wilkerson, Nathan Reich, Marcel Lofton, Tabitha Holland, Dena Weaver, Roberta Burdo, Amanda Andronico, Steve Gonzales, Mike Caamal, Adam Minatre, Amber Harmantas

A Look At Our Year



This year has been a busy and productive year for all of us. We had fun exploring the solar system, rocks and fossils, dinosaurs and making our own volcanoes.

We took fun field trips to the Nut Tree Pumpkin Patch, Science Museum in San Francisco and a tour of Albertsons.

We also participated in several programs such as Smile in Style, coloring contests, pen pals in Pennsylvania and Indiana and we debuted in the Christmas program at Vaca Pena with "The Twelve Days of School."

Third grad was fun but we're looking forward to fourth!

Mr. Northrup Grade 3

Front Row:

Dale Persons, Tony Palagi, Destiny Swearengin, Rachelle Stewart, Nate Cornelius, Scotty Lincoln, Sean Hurley, Trevor Shaddix, Brad Stark, Nick Strickland, Erik Padilla, George Memis, Mr. Northrup

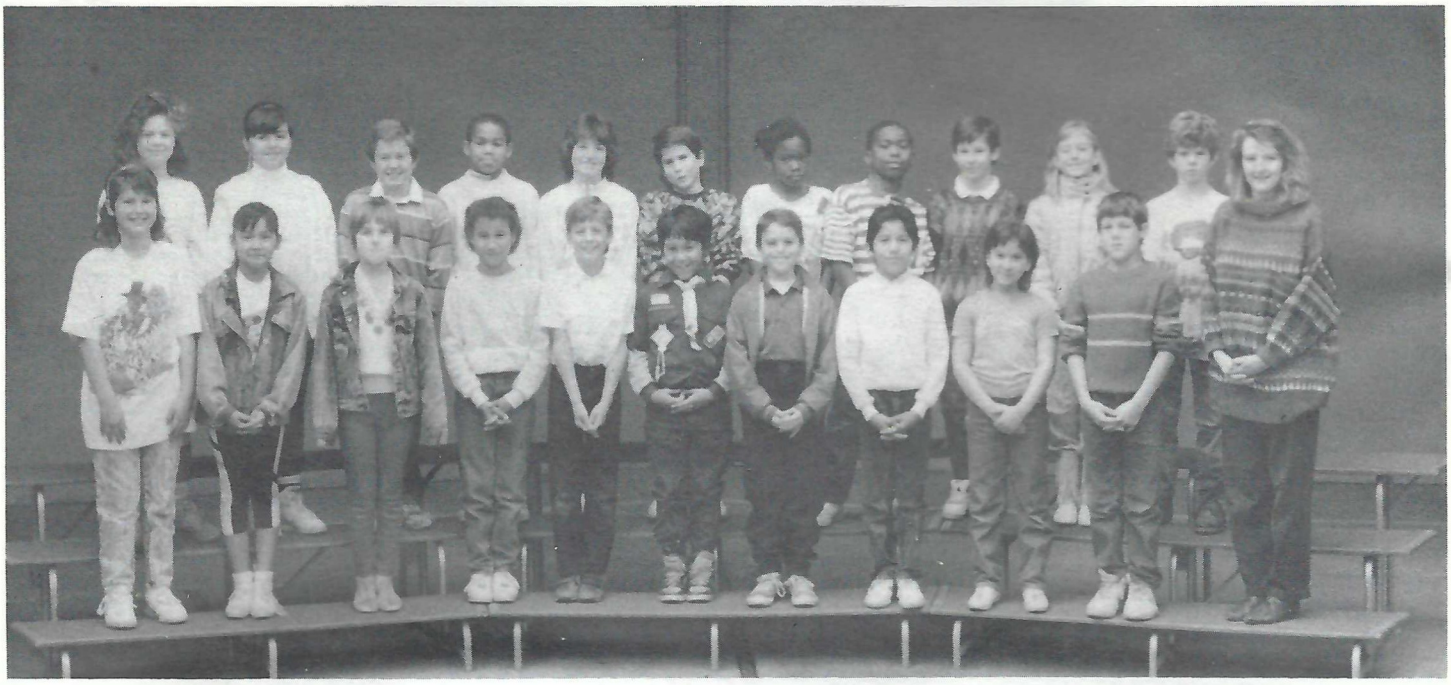
A Look At Our Year

Our class is composed of very fine students with no exceptions. They all had something to add to our class in their own special ways.

Our class highlights were many and varied. Every student was required to learn their multiplication tables through 12. Also, they became proficient in addition, subtraction, multiplication, and division. During the holidays we decorated our classroom with everything from scarecrows to colored lights.

I feel as a teacher the biggest highlight for the class was the way we functioned as a group. We had fun but I felt that we worked very hard. I know we will all miss each other after this year.

Ms. Klotz Grades 3 and 4



Back Row:

Joy Hodges, Erika Santos, Logan Baudour, Roddrick Bazemore, Nicole Brooks, Kenny Nelson, Latoya Wright, Troy Richard, David Deen, Heather Steele, Joseph McGraw.

Front Row:

Melissa Erhart, April Vaca, Crystal Lee, Priscilla McFarlin, Eric Miller, Ivan Mendoza, Russell Martellaro, Jessie Rangel, Candace Kehoe, Vinnie Ferrazano, Miss Klotz

A Look At Our Year

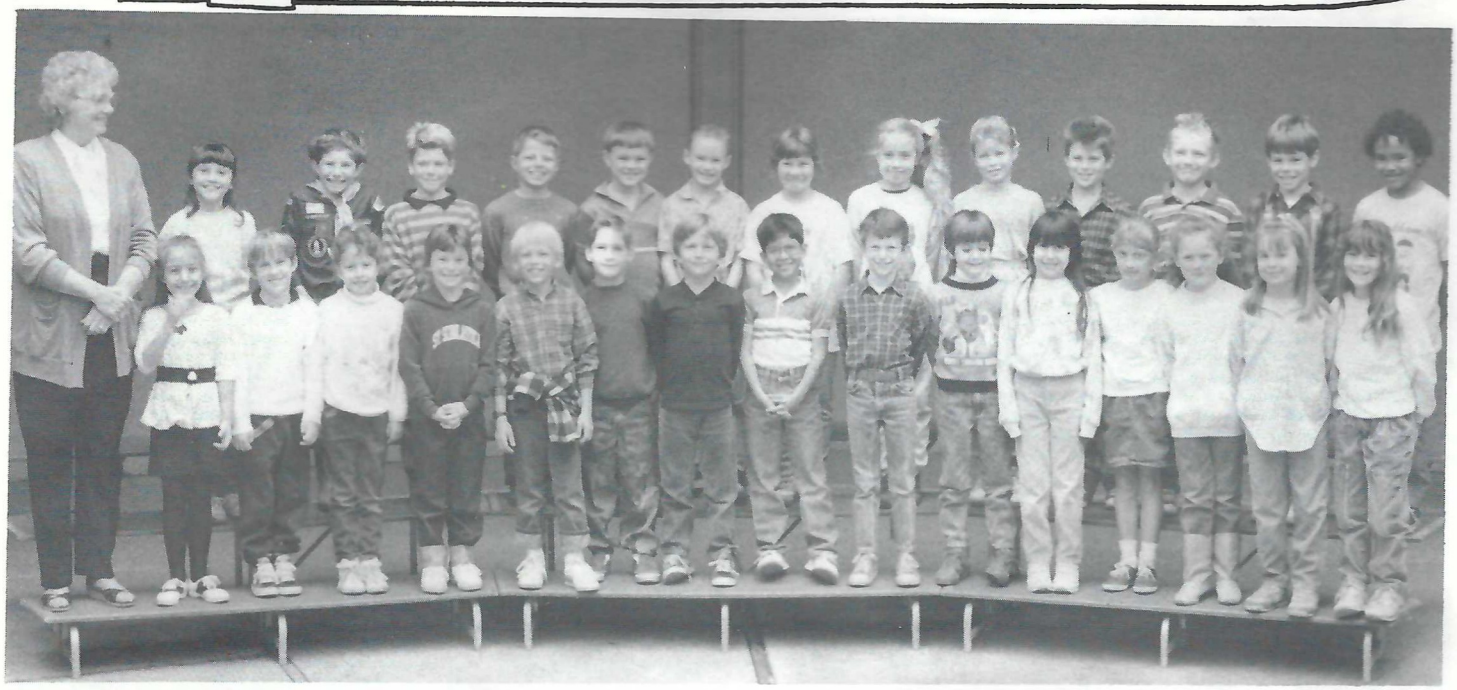
Room 30 was formed last November as a third/fourth grade combination class. We all feel fortunate to have been placed in this new class as we've formed lasting relationships.

One of our great enjoyments this year is our weekly "Television Broadcast", M-A-R-K-H-A-M, Ch. 30. Our class puts together a team of news reporters, commercials, book and poetry reviewers, a meteorologist, and sports caster. We even have our own T.V. box.

Some of our interesting units this year were about the digestive and excretory systems, and a weather unit, where we made our own thermometers and wind socks. You can even call us "Great Poets".

Miss Klotz has thoroughly enjoyed her first teaching class at Markham and wishes her third and fourth graders a successful new school year.

Mr. Drake Grade 4



Back Row:

Darius Zarrabi, Luis Medina, Aaron Dammon, Eddie Gonzales, Michele Litton, Brian Stark, Jaime Van Meter, Megan Thomas, Stacie Riddle, Arlene Patterson, Ryan Gregerson, Becky Myers

Front Row:

Mr. Drake, Lorena Ramirez, Josh Jamison, Ralph Mattice, Kristin Houghton, Carie Wineger, Scott Gonzales, Rosita Larios, Sabrina Worsham, Teresa Chester, Marisa Ramirez, Steven Christophel, Alec Moorhouse

Not in Picture: Nichole Costo, Jessica Muckin

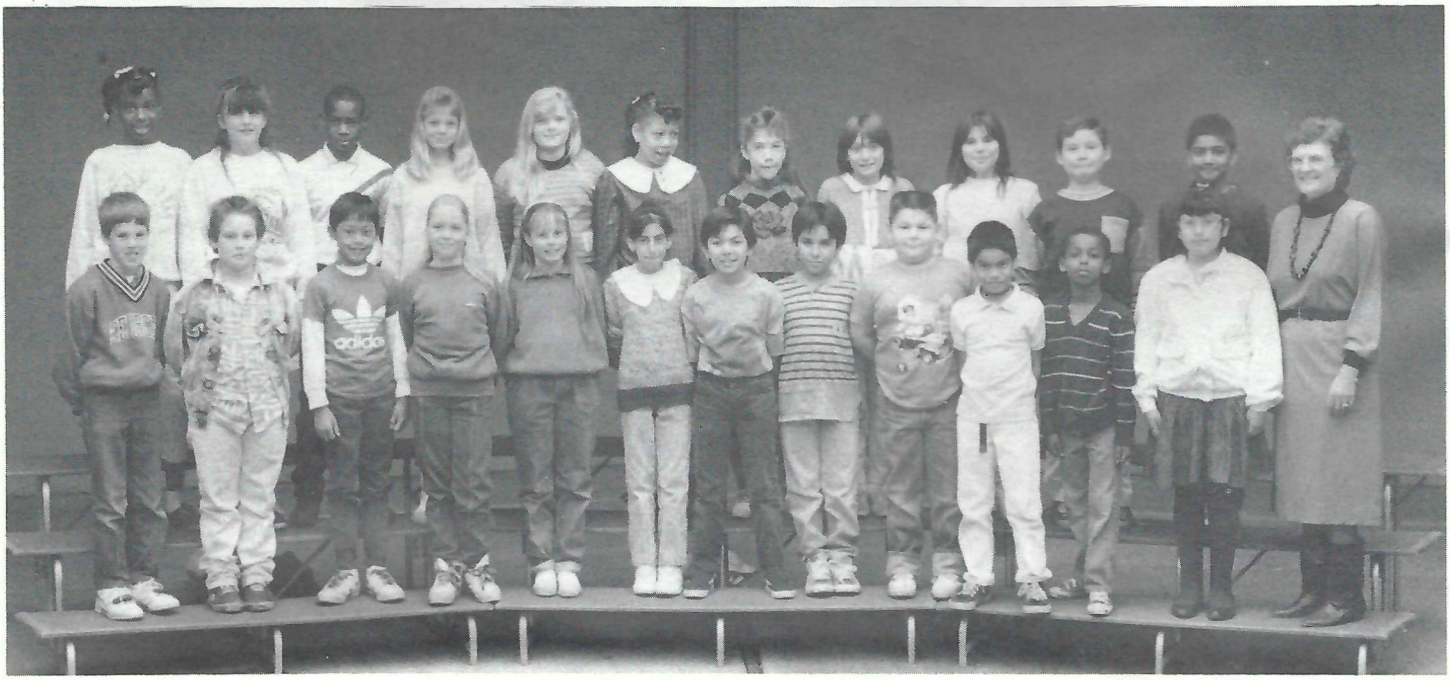
A Look At Our Year

Our class highlights include a broad range of visitors. We have had several slithering snakes, frisbee-catching dogs, baby rabbits, a horse named Brownie, a turtle, four Western-fence lizards, and a meteorologist came to visit us at one time or another.

Room 10 is responsible for authoring twelve books with each student writing and illustrating one chapter. Subjects included dream adventures and time machine travels.

One of our main highlights was joining the rest of the Markham fourth graders on a field trip to the Exploratorium in San Francisco.

Mrs. Blake Grade 4



Back Row:

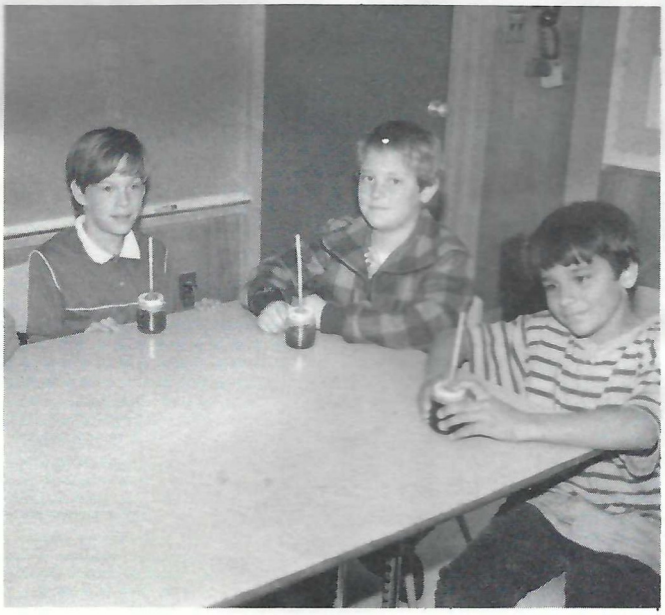
Takiyah Hayes, Michelle Price, Lonveric Norford, Becky Smith, Mashan Wolfe, Mary Simon, Cheryl De La Campa, Stephanie Cowart, Leah Baker, Scott Brown, Sanjit Singh

Front Row:

Nathan Bacchus, Justin Stalk, Rene Munoz, Jessica George, Tracee Lewis, Alexandra Velasco, Alfredo Aguayo, Richard Garcia, Tommy Mills, Gerry Abella, Romel Petermon, Mary Godinez, Mrs. Blake

Not in Picture:

Priscilla Contreras, Clarence Johnson, Christy Linder, Justin Rains



A Look At Our Year

We enjoyed a field trip to the Exploratorium in San Francisco where we saw many exhibits. A meteorologist came to talk to the fourth graders. We did some science projects which included making our own thermometers.

After hearing a program about the southwest Indians, we made Kachina dolls. We also made our own brands using initials, and experimented with printing.

Members of our class participated in the track meet, the chorus, assemblies, and the Surfin' Safari reading program.

Mrs. Waggoner Grade 4

Back Row:

Randal Spence, Bingo Hands, Ruben Padilla, Reginald Bazemore, Donna Brown, Steven Schoning, Damon Littell, Candance Girardot, Kari Cunningham, Luis Navarro, Mike Fleming, Kristy White, Aisha Holiday

Front Row:

Francine DeLaO, Bryan Kross, Shonda Sutton, Jimmy Clark, Jenny Ellington, Jolene Mueller, Jenny Nichols, Danny Vasquez, Zeb Faivre, Chaya Riech, Brenda Worsham

Not in Picture: Renee Terry, Anthony Reed

A Look At Our Year

We became the earthquake experts at Markham this year! After studying volcanoes and earthquakes, we went to every class in groups and performed a Reader's Theater written by Mrs. Waggoner. We taught everyone what to do to protect themselves in case of an earthquake.

Throughout the year we learned about different career possibilities. We had a visit from a meterologist, an optometrist and we walked to Albertson's, all to discover as much as we could about the world we live in.

Mr. Rico Grades 4 and 5

Back Row:

Lester Mascon, Theresa Glessing, Danielle Ingalls, Nasandra Twyman, Jayzle Piga, Vanessa Bily, Michael Williams, Anthony Nicholson, Christina Lincoln, Jennifer Kelley, Jolene Searle, Jessica James, Amber Osborn, Adam Miller, Lyle Krannichfeld

Not In Picture: Kevin Modin, David Kuntz

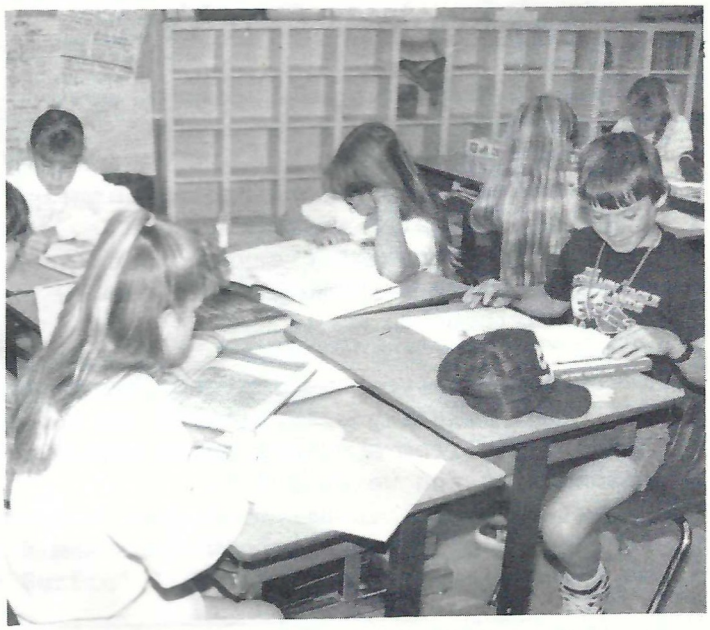
A Look At Our Year

Throughout the year, we worked hard in all subjects, but mostly enjoyed reading paperback books. We read the Whipping Boy, How to Eat Fried Worms, Runaway Ralph, Tales of a Fourth Grade Nothing and a few others. While reading the Ralph book, we had a Happy Acres Camp day where we pretended we were at summer camp.

During the winter, Mrs. Nixon was in our class as a student teacher. We really surprised her with a party the day she left.

Our field trip took us to the Exploratorium in San Francisco, a hands-on science museum.

During recess, most of the class played together in games of kickball.



Mrs. Knisely Grade 5

Back Row:

Georgina Gibber, Daniel Duenas, Chastity Geitner, Renitia Wright, Ryan Donaldson, Jeff Swafford, Chris Moore, Tysheya Lofton, Chuck Coleman, Kim Beshears, Matt Clark, Justin Gambotts, Tanneeka Walker, Robert Birch

Front Row:

Mrs. Knisely, James Cook, Theresa Scalley, Tommy Trau, Jason Jefner, Alicia Wold, Shannon Poor, Bill Neil, Amber Williams, Donald Spicer, Bill Abell, Jessica Rivera, Jenny Dill, Stefanie Wastell, Angelique Schott, Angela Crews

A Look At Our Year

We worked hard this year but we had lots of fun, too! We learned a lot about the United States with our map study and state reports. We struggled through fractions, learned about the parts of speech, did a lot of oral book reports, art and had a great time doing science experiments with Mr. Krummes' class. We'll never forget winning the Christmas Can Drive and our lunch at Burger King. We also went on two field trips. Best of all was the surprise birthday party we planned and gave for Mrs. Knisely. She said it was the best party she ever had!

A Look At Our Year

This past year our class has been involved in many science activities. An electricity lab was developed to allow students to explore circuits, currents, switches, and conductors. A pollution unit was made to show the effects of mans careless habits and the dangerous results on natural habitats. Another important science lesson learned was the impact of an oil spill on the environment.

During the last month of school, students were involved in "Krummesville". This reality concept had students earning money, holding jobs, writing checks, paying bills, and participating in other career education jobs.

This being his first teaching assignment, Mr. Krummes says that this class will always have a special place in his heart and he will never forget them.

A Look At Our Year

We have had a fantastic year in Room 18. We found out that learning can really be fun. We discovered that we can be proud of the fact that our math and reading is covering harder skills. We found information in many unique ways. We went on fieldtrips, studied science outside, did research, cooked and learned other languages to help us understand our subjects. Every student in room 18 has had a very successful year.

A Look At Our Year

Room 22 has been a busy place this year. We took a journey to all the continent of North America and ended up on the other side of the world in Asia. We took a trip to Europe and learned that planning a vacation takes a lot of time and money.

In February the 6th graders went to the Shasta Enviromental Camp by Redding, California. They decided that it was a good time even if they had snow most of the time and the food wasn't as good as McDonald's.

In closing, I would like to say good-bye to all the students at Markham. I have enjoyed each and every one of you. I will be leaving after this year to teach in the Elk Grove area. I am sad to say good-bye, but I will remember my memories of Markham fondly. To my class this year, you were the best!

---

Where to begin?! We have had such a full year in Room 23!

We have many "winners" in our class! Rusty won 1st place in the P.T.A. 'Reflections' contest, Jeri, Alan and Katie won 1st, 2nd, and 3rd place awards in the Markham Science Fair, Danielle won the county 'Smile In Style' poster contest, Reinetta and Tracy won the Spelling Bee, 7 students placed well enough on the Jepson Math Placement Test to take the Advanced Placement Test and we had many winners at the district track meet! What a group huh?

In January, most of the class and the other 6th graders, wnet to Enviromental Camp near Redding.

The class earned two special events. On our field trip to Taco Bell, we learned how a fast food restaurant is run and we actually made some tacos and burritos! For our 'theme party' students dressed in either: a 50's costume, or the dress of a country studied. We had a fashion show and each student gave a short oral report about his or her costume. Students brought dishes of food from countries studied.

Each student did a comprehensive research report on a country of his or her choice. The report included: notetaking and research, an oral report, proper organization and labeling, a bibliography, and much independent effort. This practice will help our 6th graders to do well at Jepson.

A Look At Our Year

Jeeeeminy Christmas - what a year! We went around the world a few times (at least in our knowledge of geography), played in the 6th grade world series of kickball, and even did a little bit of work in class between these exciting events. We enjoyed helping first grade (Mrs. Eusebio's class), and we also designed and wrote books for them. Probably the most exciting event was the week at the Whiskeytown Environmental Camp. Remember the dance? Hey, this group is ready for 7th grade! Good luck!

A Look At Our Year

Room 25 has been busy this year preparing for seventh grade! We have explored adverbs and prepositions, common denominators and pi, inertia, topic sentences, communism, animals' rights, and much more. We know that we are ready for the seventh grade!

Room 25 has also been preparing for what lies beyond the seventh grade! We have learned how to work with and get along with all types of people in group situations. We have been given opportunities to develop our leadership potential. And we have learned what it takes to do well at ANYTHING hard work and perseverance!

And during all of this strenuous learning, we had fun! We will never forget the week long science field trip to Whiskeytown, or our many conquests on the kickball field. But most of all, we will not forget the many friends we made this year.

Each of us is a little older AND a little wiser, and we are ready for the challenges ahead. We are the leaders of tomorrow!

1988-89 has been a busy year for several reasons. Club Rainbow's growth has reflected Markham's growth this year. As a result, we have moved 3 times this year, and have added a ½ time program (Camp Rainbow). We've also kept this a special place to be. Here are some students' comments as to how we do this - "I like Club Rainbow because we do projects on Monday, Tuesday, Wednesday, Thursday and Friday." - Daniel Patterson
"I like to come here to make lots of things like a kite, and a gameboard." - Danny Vasquez
"I like Friday's in Club Rainbow because Mrs. Johnson has a store that we can buy things from." - Chaya Reich
"I like coming to Club Rainbow for my reading, and spelling." - Casey Waste
"I like when we made things to eat like fruit milkshakes and play games. We have fun." - Ruben Padilla
"I like to come to Club Rainbow because it is fun, and we do fun things on Friday. We made s-mores. We even have nice teachers." - Marie Valdovinos
"I like Club Rainbow because learning is fun and we all work together. I like the teacher very much." - Luis Navarro
"Club Rainbow is fun because we have parties on Friday. The most fun thing was when we were moving; it took us a week to move." - Denver Stalk
"Club Rainbow is great because when we made fruit salad it was really good. The teachers in Club Rainbow are great because they make you do all the work you are supposed to do." - Tommy Trau
When I'm in Club Rainbow on Fridays we had lots of fun. We used to cook, and make things. If you get to be Club Rainbow next year you will have fun too! - Misty Rubio.
